

### **NCTA Course Evaluation by Enrolled Students**

All NCTA courses will be evaluated by enrolled students utilizing the Course Evaluation Kit tool managed by the University of Nebraska – Lincoln, which is integrated into the Canvas System. The survey data provides complete anonymity to the students. Course instructors have access to the evaluation data after the deadline for submitting final grades has passed. Administrators that evaluate faculty have direct access to the raw data for appropriate use in annual faculty evaluations.

Students are provided access for completing course evaluations beginning 2 weeks prior to the last final exam date for Fall and Spring semesters and 1 week prior for the 8-week summer session. Although the Evaluation Kit system provides multiple reminders to students about survey availability, course instructors are highly encouraged to provide students actual class time for survey completion.

### **Survey Structure**

#### **Nebraska College of Technical Agriculture Course Evaluation for the Improvement of Learning/Teaching**

The Nebraska College of Technical Agriculture and your instructor strive to provide you with the best educational experience possible. This course evaluation plays an important role in improving the educational experience at NCTA. A compilation of the results will be provided for the instructor of this course. The results of this assessment will be confidential - no identifying information will be distributed. Thank you for taking the time to provide valuable information for the enhancement of this course.

#### **BACKGROUND:**

I took this course (select all that apply)

- ☐ As a program requirement
- ☐ As an elective
- ☐ Because it interested me
- ☐ Because of the instructor
- ☐ Because it fit into my schedule
- ☐ To transfer to another school

I expect to earn the following grade in this course.

- ☐ A
- ☐ B
- ☐ C
- ☐ D
- ☐ F

#### **PLEASE PROVIDE WRITTEN COMMENTS FOR THE FOLLOWING QUESTIONS:**

**How important was the instructor in helping you learn the appropriate subject matter?**

**Please list those aspects of the course you liked the most?**

**Please list those aspects of the course you liked the least?**

**What improvements would you suggest for this course?**

**Course Evaluation**

- Evaluation Scale = Strongly Agree, Agree, Uncertain, Disagree, Strongly Disagree

1. The instructor seemed prepared for this course
2. The syllabus accurately described the course
3. Directions for course assignments were clear and specific
4. Assignments were related to the course Student Learning Outcomes (SLO)
5. Tests and assessments accurately measured what I have learned in this course
6. Assignments and tests were returned soon enough to benefit me in the course
7. The instructor encouraged my involvement in the course
8. I can apply the information and skills learned in this course
9. Classroom/lab facilities were appropriate for meeting the Student Learning Outcomes
10. The equipment in the classroom lab was in good working condition
11. I have put much effort into this course
12. In general, I was satisfied with the course
13. The course provided the opportunity to learn the outcomes stated in the syllabus
