Glenn Jurgens graduated from Hastings College and began teaching math at the University of Nebraska School of Agriculture (Now Nebraska College of Technical Agriculture -NCTA) in 1950 and remained on faculty until 1986. The respect that he received from students allowed him to be instrumental in encouraging them to seek higher education. It was through the efforts of Mr. Jurgens that George Garlick, PhD was initially accepted at Hastings College on a work-study scholarship.

**Purpose:** The primary purpose of this scholarship is to provide support and encouragement for deserving Nebraska students to attend NCTA who may otherwise not have the funds to do so. The scholarship award is $1,000 for tuition and school expenses for the first academic year and is renewable for a second year by maintaining an accumulative grade point average of 3.0, or otherwise approved by the Committee. Application deadline is April 26, 2021 for the 2021-2022 academic year.

This scholarship is available to any Nebraska resident student who is pursuing a degree in an agriculture-related field offered at the Nebraska College of Technical Agriculture (NCTA) in Curtis, NE.

When submitting this application please include:
- this completed application
- copies of your high school and college transcript
- your personal essay

*The selection committee for this scholarship will include: George Garlick, Jon Schroeder, a representative from the Jurgens family and a representative from NCTA.*
