NCTA Animal Policy

Privately owned animals are permitted on campus as appropriate and needed for classroom instruction. Vaccinations must be up to date; IACUC, Biosecurity and Division policies must be followed.

Privately owned animals are NOT generally allowed in campus buildings unless being used for classroom instruction.

Dogs should not be allowed to run unsupervised or act threatening towards other animals or people. When housed for a short period of time in vehicles or trailers environmental temperature must be taken into consideration. Remember that cars and trucks can get VERY hot very quickly.
