## **NCTA Staff Spotlight – Holli Snyder**

A relatively new addition to the NCTA community, Holli Snyder was a quick choice for this week's NCTA Staff Spotlight.

### **What are your roles and work duties within the Aggie community?**

I am the personnel associate here at NCTA and my role is to make the hiring process as painless as possible. I work with managers to understand which roles need to be filled and then assist in getting the new employee placed. I work with the new employee throughout the hiring process to ensure their placement is successful. I am still a fairly new employee, so I am looking forward to learning how I can continue to add human resource and payroll support wherever it is needed.

### **When did you begin at NU or NCTA?**

My first day was February 14, 2019 (at the West Central Research & Extension Center, North Platte)

### **When and where was your previous employment in education?**

Prior to coming to NCTA/WCREC, I spent 16 years working as the Business and Human Resource Manager at the North Platte Telegraph.

### **Share a hobby or activity that you enjoy in your free time.**

I wouldn't necessarily call it a "hobby," more of a "passion", but I run a wellness community on Facebook called Living Canary Clean. I truly love helping gals learn tips and tricks on living just a little bit healthier.

Holli Snyder, personnel associate at NCTA, working to ease the hiring process for employees, is this week's staff spotlight.
