

NEBRASKA COLLEGE OF TECHNICAL AGRICULTURE

Dec. 1, 2020

By Malina Lindstrom, student writer

Meet Noah Lake, NCTA Student Spotlight

Hailing from Oshkosh, Nebraska, Noah Lake graduates in December and is this week's student spotlight. Learn about his passions and educational experience.

Year in school and major?

I am a Diversified Agriculture major in my third year at NCTA.

What are your plans after college?

After college, I am planning on going back home to help on my family farm.

What organizations, clubs, and teams are you involved with at NCTA?

I have been very involved with Intramural Sports. So far I have played intramural football, basketball, and softball.

What did you want to be when you were 10 years old?

I wanted to be either an astronaut or NFL player.

What is your proudest moment? Either in life or at NCTA.

One of my proudest moments was when my high school basketball team made it to State my junior year. It was the first time in 78 years our school (Garden County Eagles) had made it for boys' basketball.

What is a cause you are passionate about?

I am passionate about organizations like Ducks Unlimited, Pheasants Forever, and the Rocky Mountain Elk Foundation. They are non-profit organizations that help maintain habitats for wildlife and make it possible to maintain future hunting opportunities all to give next generations the ability to hunt.

Do you have a favorite quote or piece of life advice that you live by?

"Life isn't about hard you can hit, it's about how hard you can get hit and keep moving forward"- Rocky Balboa

Noah Lake of Oshkosh
