Licensed Veterinarian Technician needed for a growing family friendly mixed animal practice located in Gothenburg, Nebraska. Gothenburg is an extremely clean and progressive town located in west-central Nebraska, directly on Interstate 80. It has a very proactive business environment, good schools, newly expanded hospital, and lots of area recreation. We have a nationally ranked golf course and are located near numerous lakes. Hunting and fishing opportunities abound. Our practice currently has 4 veterinarians, 1 technician, 3 assistants and 3 support staff members. Our practice currently is approximately 65% large animal and 35% small animal with the bulk of the large animal being cow-calf. We have up to date facilities for both large and small animal. Large animal equipment consists of multiple hydraulic chutes, hydraulic calf cradles and portable AI barns. Small animal equipment consists of in-house blood machines, digital x-ray, ultrasound, and orthopedic capabilities. The position can be shaped to fit someone who has primarily small animal interests to one who would prefer a true mixed animal position. We do offer benefits that can be discussed upon interview. If you are a positive, hardworking individual, we encourage you to apply. If interested, please contact Taryn Vonderschmidt at 308-537-7549 or by email at [taryn@eastsideanimalcenter.com](mailto:taryn@eastsideanimalcenter.com). You can also visit our website at [www.eastsideanimalcenter.com](http://www.eastsideanimalcenter.com) to see more detailed information about our practice.

Thank you for your time. We look forward to hearing from you.
