For over 50 years, KanEquip has been a leader in the agriculture and construction equipment business. With 9 locations in Kansas and Nebraska we are able to offer service for equipment, parts and new and previously owned equipment for sale. We are a Case-New Holland dealership that serves the agriculture industry as well as government and contractors. KanEquip is now accepting applications for Ag Technicians and Parts Specialist. Apply online at [www.kanequip.com](http://www.kanequip.com) or if you have questions contact, Richard Dugan at 785-456-2083 ext. 199, 785-456-3178 or [richard.dugan@kanequip.com](mailto:richard.dugan@kanequip.com)

#### Ag Technician

The Service Technician is responsible for performing both basic and complex diagnostics on agricultural and construction equipment, and perform repairs and maintenance on both customer-owned, and dealer-owned, equipment. He / she is responsible for good customer communication as needed, ensuring a clean and safe work environment, continually develop technical skills with evolving products, and perform work at customers sites as required.

#### Parts Specialist

The Parts Specialist is responsible for servicing the parts needs of both customers at KanEquip parts counters, as well as Service Technicians for their repair needs. The counter sales require good salesmanship and customer service skills. Excellent people skills and efficient parts lookup and retrieval are required for both groups
